

## Eco-committee

*'Alone we can do so little, together we can do so much...'*

**Our Lady & St. Joseph Catholic Primary School**

### Eco Committee

**Date:** Thursday 21st September 2023 **Time:** 09:00 **Venue:** Year 5

At our school we have big beautiful grounds and plenty of facilities for growing our own organic vegetables and fruit. To begin the year the eco committee have come together to discuss what jobs need to be achieved around the school and what each class could do to ensure the school kitchen gets as much fresh produce as possible and we can grow our own nutritious break time snacks like last year.

Minutes of Session 1:

- Observations: *Have a look around the school grounds and identify grounds work that needs to be fulfilled.*
- Design a planter: *After half term we will be asking each year group to design what they would like to grow in their planter. As eco members we need to ask our classes to start thinking about and researching what they might like to grow and how.*

AOB: N/A

Agreed Actions from the meeting:

- Decide what vegetables classes wish to grow and begin to consider plot rotation within a planter.
- Eco committee to carry out ground observations
- Begin to look at what we may need to order in order to propagate inside school and check equipment stock
- RHS Veg Patch book to be shared with staff and children for inspiration

Next meeting scheduled for: Thursday 12th October 2023 : Same time and location.
